**Re: Harp Estate Property - Your File #4433-2  
Water District #5 - Water District #8**

Dear Mr. Wolinsky:

I am replying to your letter dated November 16, 2001.

I note your cover letter specifies Water District #8 in the first paragraph and then goes on to specify Water District #5.

In addition to the discrepancy between the two water districts, your Schedule A refers to the wrong town. That needs to be corrected throughout the Petition and Schedule A.

Finally, the third lot should be identified as 65-2-1.3.

I request that you resubmit the entire package as corrected. Then the Town Board will receive and file the Petition, and refer it to the Engineer for the Town for comments.

Once the comments are received and considered, I shall get back to you with further direction.

Very truly yours,
